

Sample Phone Tree

As a coach, phone tree management is a critical piece of the communication of your team.

- Send pre-season notifications
- Schedule or change practices
- Schedule of change games
- Motivate your players

Here is an example of how yours can work.

In lieu of a phone tree a voice blast using an automated call messaging service gets messages out immediately to everyone; consistently and clearly in your own voice. One such service can be found at <http://www.onecallnow.com>. Note: The SUNY Youth Sports Institute is not affiliated with, nor does it directly endorse this service.
